RFP — Vendor Due Diligence (Big-4)

***Note.** This translation follows the Russian original. The financial part of the original was recalculated on 07.09.2026 (model v5); the figures of this translation have been brought into line with that calculation. In case of any discrepancy in wording, the Russian version prevails.*

Project: Digital Platform CPFSR — DFA operator backed by real-estate collateral with issuance for national projects **Client:** Abdul-Khakim Akhmadovich Kagirov (Center Group Company) — sole rightsholder of the concept (deposit certificate No. 4011265 of 19.12.2024) **Engagement reference:** RSFSR-DD-2026 **RFP issue date:** 24.05.2026 **Bid deadline:** T+21 days (15.06.2026)

1. Engagement objective

Obtaining an independent tier-1 (Big-4) Vendor Due Diligence opinion on the CPFSR project, in order to secure investment attractiveness for a strategic round of USD 25M (pre-money USD 248M, post-money USD 273M, investor stake 9.21%) and to prepare for Series A.

The opinion must meet the standard of investor memoranda used in tier-1 PE/VC transactions and be acceptable to the following categories of participants:

- Institutional investors of the Russian Federation (pension funds, insurers, private banks)
- Private equity / venture capital funds (RF + EAEU + friendly jurisdictions)
- Credit committees of development institutions (VEB.RF, Project Finance Factory)
- Internal compliance committees of prospective Limited Partners

2. Scope of Work

2.1. Financial Due Diligence

- **Quality of Earnings (QoE):** review of the financial model over the 2027–2036 horizon plus a Gordon terminal value on a normalised cash flow. Identification of normalisations, one-offs, working-capital adjustments.
- **NPV / IRR / Payback verification:** independent recomputation of all key metrics (full NPV RUB 63.0 bn; project-level окупаемость 2,73 года; Payback 2.73 years; EM 12×) based on the source model in `03_Финансовая_модель/`.
- **WACC validation:** verification of the build-up structure (RF 14.73% + ERP×β 10.35% + Stage premium 1.5% + Liquidity premium 2.5% = 30%) against Damodaran May 2026, the CBR key rate, and OFZ market data.
- **Sensitivity & scenario analysis:** an independent simulation ($\geq 10,000$ iterations; the project's own simulation runs 2,000 with a fixed seed), tornado diagram covering ≥ 8 drivers, cash-runway stress testing.
- **Comparable transactions:** triangulation of the valuation via Comparable Multiples (EV/Revenue, EV/EBITDA, EV/AUM) using PitchBook / Crunchbase / Refinitiv on 10+ comparable deals across DFA / fintech-operator / financial-marketplace segments.
- **Audit opinion:** on the reliability of source data and methodology, not on absolute fair value.

2.2. Tax Due Diligence

- Analysis of the tax position of the DFA operator under the current redaction of the Tax Code of the Russian Federation:
- VAT: sub-paragraph 12.2 of paragraph 2 of Article 149 of the Tax Code (Federal Law No. 324-FZ of 31.07.2020) — exemption of DFA transactions.
- Profit tax 20% — standard rate; IT preferential rate of 5% (until 31.12.2030) available with $\geq 70\%$ IT revenue and IT accreditation.
- Social contributions 30% (Tax Code, Chapter 34).
- Property tax — none (intangible assets).
- Structuring DFA transactions to optimise the tax load.
- Analysis of tax risks under the wedge construction (Stage 1 without amendments vs Stage 2 package of four federal laws).
- Trans-jurisdiction tax matters (FATCA / CRS) — where applicable for international LPs.

2.3. IFRS-grade DCF review

- Build an IFRS 13-compliant fair-value measurement framework for the project.
- Apply Level-3 valuation hierarchy (unobservable inputs) with explicit disclosure of assumptions.
- IFRS 16 lease-accounting impact on the OpEx curve (data centres, offices).
- IFRS 9 financial-instruments classification — for DFA acting as financial assets.
- IFRS 7 financial-instruments disclosure — risk-management framework.
- IFRS 15 revenue recognition — for the commission model (5 streams: feeIssue, feeService, feePlatform, feeB2B, feeAppraisal).

2.4. Fairness Opinion

An independent Fairness Opinion under the AICPA Statement on Standards for Valuation Services (SSVS-1) or IVSC International Valuation Standards 2026. The opinion must explicitly address:

- Reasonableness of Pre-money USD 100% Base / Reasoned range USD 70–140M;
- Cost of capital appropriateness (30% WACC RUB);
- Going-concern assumption on cash-runway (peak negative cumulative RUB –2.1 bn);
- Methodology choices (Gordon terminal value on a normalised cash flow, NPV vs comparable multiples, WACC build-up vs CAPM).

3. Deliverables

DOCUMENT	FORMAT	DEADLINE
Inception Report (kick-off + workplan)	PDF, 8–12 pp	T+10 days
Mid-term Findings (interim)	PDF, 20–30 pp	T+30 days
Draft VDD Report	PDF + Excel workbook	T+45 days
Final VDD Report (LMA style)	PDF, 60–120 pp + Datapack	T+60 days
Fairness Opinion (signed by Partner)	PDF, 6–10 pp, signed	T+60 days
Q&A management session (videoconference)	2–3 sessions × 2 hours	By schedule
Investor presentation summary (board-deck friendly)	PDF, 10–15 pp	T+60 days

All deliverables — in Russian (primary) + English (executive summary + key findings).

4. Quality and independence

- The signing Partner must be certified under one of the following systems: ACA (ICAEW), CPA, CFA Charter, ASA (American Society of Appraisers).
- Team — minimum 4 persons: Engagement Partner + Senior Manager + 2 Analysts; CVs are mandatory.
- Conflict-of-interest disclosure (mandatory): check engagements with any parties related to the project (Atomyze JSC, VEB.RF, partner bank, Promsvyazbank, affiliated structures) over the last 36 months.
- Insurance: Professional Indemnity Insurance coverage $\geq$ USD 5M.

5. Budget and timing

PARAMETER	VALUE
Indicative budget	RUB 8–25M (RUB 9–28M incl. VAT)
Delivery time	6–10 weeks from kick-off
Payments	30% upfront / 40% mid-term / 30% upon acceptance of the Final Report
Penalty	0.1% per day of delay beyond the SLA, capped at 10% of the engagement fee
Languages	RU (primary) + EN (executive summary)

6. List of invited tier-1 firms

1. **KPMG (Russian Federation + a member firm in a friendly jurisdiction)** — leader in financial VDD for Russian fintech deals
2. **Deloitte (Russian successor "Business Solutions and Technologies")** — strong expertise in 779-P / 259-FZ
3. **EY (Russian successor "B1")** — tax DD on DFA (Article 34.2 of the Tax Code)
4. **PwC (Russian successor "Technologies of Trust")** — IFRS-grade valuation
5. **BDO / Unicon** — domestic tier-2 fallback (if all the Big Four decline)

7. NDA + Data Room

- NDA mutual + 5-year survival
- Access to the Data Room in `17_Data_room/` (Intralinks / Datasite canon)
- Q&A via a dedicated VDR tool (Datasite / Intralinks / Firmex)
- Permission tiers: full / restricted / Q&A-only

8. Selection criteria (50/30/20)

CRITERION	WEIGHT
Technical capability and track record on comparable deals (≥ 3 DFA DDs over 24 months)	50%
Partner & team (≥ 10 years' experience, CFA/ACA/CPA certifications)	30%
Price and timing	20%

9. Submission

- **Email:** rsfsr-dd@centergroup.ru
- **Contact:** Abdul-Khakim Akhmadovich Kagiroy, +7 (XXX) XXX-XX-XX
- **Bid format:** PDF in a single file, up to 30 pages, including proposal + CVs + price quote
- **Engagement Letter draft** — to be prepared after selection

Date: 24.05.2026 **Author and rightsholder:** A.-Kh. A. Kagiroy (deposit certificate No. 4011265 of 19.12.2024) **Engagement reference:** RSFSR-DD-2026
